**COMPANY PROFILE**

Established in 1995, Zhongshan LUCK & JINYING amusement machine manufacturing Co., Ltd. (formerly Zhongshan Jinying amusement machine factory), is the member of international association of amusement parks and attractions (IAAPA), and also the council member of the executive of China association of amusement parks and attractions (CAAPA).

By continuous efforts and development, she has been one of the specialized production bases with her own characteristics in the amusement product industry in China. At present she has won the "special equipment production license" issued by the state and more than 20 kinds of exterior patent and production patent, and has made a bright page for China's amusement machine industry.

Nowadays, "LUCK & JINYING" has introduced the advanced production equipment and sophisticated technology from abroad. On the basis of solid hardware, dynamic ideas, and advanced technology, she has been committed to the development of indoor and outdoor amusement machines from small to medium and big size, and of carnival equipments.

Regarding the production management, she has been accredited by ISO9001:2008 quality control system and also has strictly executed China's national standard of amusement machines and equipments.

"LUCK & JINYING" not only manufactures and exports to all over the world, but also welcomes OEM and ODM production for the customers and distributors in the amusement industry.

LUCK & JINYING makes a new entertainment world.
